Title

Serial pin-numbering, or coding of bullets, bullet casings and other projectiles as an improvement for the use of ammunition

Preliminary Class

102

I am the inventor of the said invention, with the title: Serial pin-numbering, or coding of bullets, bullet casings and other projectiles as an improvement for the use of ammunition; with the application number 10/802350 and filing dates 03/17/2003 and 03/16/2004. Photocopies enclosed.

I write to withdraw my application of the invention from further processing and publication. Please, withdraw my documents of the invention from further publication; from your infrastructure and destroy the documents. Please do not let anybody remove them or use them.

My Reason for Withdrawal:

I am a born-again Christian. I never knew that my invention was contrary to the Scriptural word of God before I invented it.

① For the Son of man is not come to destroy men's lives, but to save them. Luke 9-56

② Give no man anything but to love one another. Thou shalt not kill. Romans 13-8,9

③ When I say unto the wicked, Thou shalt surely die; and thou givest him not warning, nor speakest to warn the wicked from his wicked way, to save his life; the same wicked man shall die in his iniquity; but his blood will I require at thine hand. Ezekiel 3-18.

Thank you for taking immediate action:

Sincerely,
Eagle Asitodima James Israel Ekenobil Chikuma.
